

The biggest question we answer for abused and neglected kids is...

“Am I Loved?”

What are Royal Family KIDS Camps?

Royal Family KIDS’ camps are welcoming, one week resident camps designed to meet the unique and overwhelming needs of abused and neglected children.

It is through intensely supportive interaction with trained adults that the first question,

‘Am I Loved?’

is answered.

Our camps are sponsored and staffed by people from your local churches.

To be eligible for attendance a child must be a victim of abuse and in most cases, living in out-of-home foster placement.

Where do the children we serve come from?

Currently, in the United States, over 3 million children are reported as abused or neglected each year. From that unfortunate number, 150,000 to 250,000 are physically abused and 90,000 to 150,000 children are sexually abused each year. Tragically, 2,000 children will die each year at the hands of someone who should be there to love and protect them. 1 child will die every 4 hours in America this year!

There are over 5,000 kids in foster care in the State of Alabama.

Royal Family KIDS’ camps work with the *State of Alabama Department of Human Resources* to place children in one of our 5 camps within the state of Alabama each summer.

How can one week at a Royal Family KIDS' camp make a difference in a young life?

We offer them a healthy dose of hope.....

That a positive experience with loving adult role models is possible

That they can succeed, because they have done so at our camp

by providing an 'oasis'. a full week of relief where they can feel deeply loved and cared for, affirmed, and encouraged by truly caring adults

by showing our campers that if the cycle of abuse can be broken for a week..

It can be permanently!

Who benefits from a Royal Family KIDS' camp?

EVERYBODY

The children, especially the kids, who get a week of positive memories and leave with a renewed sense of self worth

The foster parents, who are given a week of much needed rest

The local community who give generously of their time and resources to a needy people group – the children

The State of Alabama and the Department of Human Resources whose clients are enriched and impacted by positive role models.

What can I do to help?
